Upwey High
School
Volleyball
Program -
New Zealand

Yellowstone Landscaping is proud to sponsor the Year 9 Upwey High School Volleyball Program, which will compete in the North Island Championships in New Zealand this November 2024. Our contribution helps support the costs associated with this incredible opportunity.

The trip offers students a unique cultural experience, including meaningful interactions with Māori culture, while fostering personal growth and building lifelong friendships. For over 22 years, this program has combined education with unforgettable experiences, and we are honored to play a part in its continued success.
